

```
1 class Demo
2 {
3     public static void main(String args[])
4     {
5         byte b[]={65,66,67,68,69,70};
6         String s=new String(b);
7         System.out.println(s);
8     }
9 }
10 }
11 //out put:-ABCDEF
```
